CSA Reporting Recommendations

- CSA crime reports should include sufficient detail, such as dates and locations, and, where appropriate, personally identifying information, including name and contact information, if available.
- This is important for law enforcement purposes to ensure that all crimes are counted and to avoid double counting crimes.

CSAs are responsible for reporting allegations of Clery Act crimes that are reported to them in their capacity as a CSA.

This means that CSAs are not responsible for investigating or reporting incidents:

- they overhear students talking about in a hallway conversation
- that a classmate or student mentions during an in-class discussion
- that a victim mentions during a speech, workshop, or any other form of group presentation

Counting Clery Crimes

If a crime is reported (and otherwise meets the three-part test) it is counted.

- Includes attempts
- Includes cases a DA would reject
- Includes cases of "not responsible"
- Does NOT include every conduct code violation

It is not the word used but the facts of the case that determine how it gets counted

20

20

CONSENT

- The Clery Act does not require any particular definition of consent
- ASR must include definition of consent as defined by jurisdiction (state law)
- Institution should have a definition in their institutional sexual misconduct policy

Discussion: Intersection with Title IX

- Did we cover Sexual Assault in the past as defined under Clery (all 4 crimes?)

23

23

Date Rape Drugs

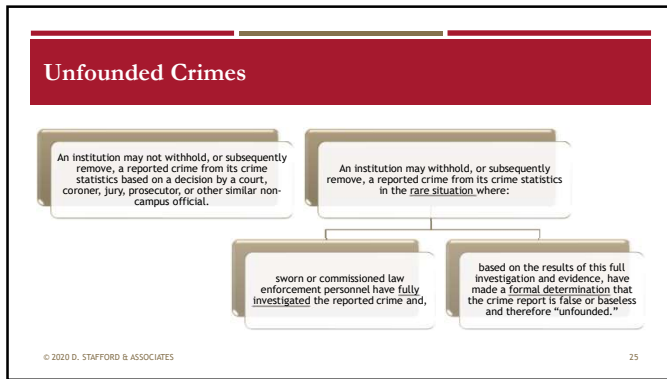

A case where it is determined, through investigation, to have involved the administration of a date-rape drug in an unsuccessful attempt to incapacitate and sexually assault the victim (and the perpetrator's intent was to commit a sex offense)—the incident should be classified as a **Sexual Assault**.

A case in which there is no knowledge of the "intent" of the perpetrator should be classified as **Aggravated Assault**.
